

ARTISTIC RESIDENCE IN CRATER-LAB

ABOUT CRATER-LAB:

Crater-Lab it's a collective of artists who work with analogic film or seeks to approach into the analogic universe (–Súper 8, Single 8, 16mm o 35mm-), to explore and discover the infinite possibilities.

CRATER-LAB ARTISTIC'S RESIDENCE:

One of our main objectives to preserve this image's craftsman carácter is to foment the use of our space and equipment throught our Artistic's Residence. For national and international artist/filmmakers, Crater-Lab offer an Artistic Residency, that is aimed at artist who necesarely wish to develop an analogic film project (or to include analog film in any stages of the project). It allows, during the residence time, a complete use of all Crater-Lab's space, equipment and machinery in a free and autonumus way, with a flexible schedule, becoming this opportunity in a space-time entirelyly dedicated to explore the infitine world of analogic.

Being an Artist Resident in Crater-Lab you'll have free access to all the proccess previously explained of Film: to Develop, Edit, to Project; also a complete disposition of all the technical means.

Any artist is able to present a proposal that will be valued by it's viability and not by it's content, keeping our philosophy of experiment with the project and with multiple disciplines.

About the location:

The time you'll spend in the residence you'll have available a bedroom with a bed, closet and desk, bathroom, services and wifi for your accommodation. Our space is also habilitaded with a yard, livingroom and kitchen.

For more information about the Laboratory's instalations: <http://crater-lab.org/laboratorio/>

Ongoing call:

Our call is open for all the year, so the time for each residence will depend on the artist's disponibility.

At the end of the residence, we offer to the artist an opportunity to organize a projection of the film and to have a feedback with other artist.
